

Sturdy body in shockproof anodized aluminium

Ergonomic design with fine grooved metallic surface

With wrist strap and clip-on holster for the work belt (excluding N 9097/92 and N 9097/95)

Mod. FLASH PENCIL

Ultra-slim pencil flashlight: only 15 mm diameter

With **LG LED** with luminous flux 75 lumen - 1500 lux at 0,5 m

Luminous flux max length 40 m

Powered by 2 AAAA 1,5V batteries (included) - Max operation time 2,5h

With pocket clip

Dimensions Ø 15x131 mm - Weight 32 g

Code N 9097 9200	N 9097/92	Each €	1
------------------	------------------	--------	---

IP 54

IK 07

Mod. FLASH PEN

With **CREE LED** with adjustable luminous flux 100÷200 lumen - 500÷8000 lux at 0,5 m

Luminous flux max length 80 m

Powered by 2 AAA 1,5V batteries (included) - Approx. operating time 3,5h

With **focus function** to vary the beam angle and pocket clip

Dimensions Ø 20 x 153 mm - Weight 62 g

Code N 9097 9500	N 9097/95	Each €	1
------------------	------------------	--------	---

Focus function

IP 54

IK 07

Mod. FLASH 300

With **CREE LED** with adjustable luminous flux 150÷300 lumen - 600÷10000 lumen at 0,5 m

Luminous flux max length 100 m

Powered by 3 AAA 1,5V batteries (included) - Max operating time 3h

With **focus function** to vary the beam angle **and BOOST mode** to quickly double the lumen output

Dimensions Ø 32 x 133 mm - Weight 122 g

Code N 9097 9700	N 9097/97	Each €	1
------------------	------------------	--------	---

BOOST mode + focus function

IP 54

IK 07

Mod. FLASH 600

With **CREE LED** with adjustable luminous flux 300÷600 lumen - 1000÷20000 lux at 0,5 m

Luminous flux max length 150 m

Powered by 2 C 1,5V batteries (included) - Max operating time 2h

With **focus function** to vary the beam angle **and BOOST mode** to quickly double the lumen output

Dimensions Ø 36x174 mm - Weight 292 g

Code N 9097 9800	N 9097/98	Each €	1
------------------	------------------	--------	---

BOOST mode + focus function

IP 54
