

**pig** New Pig **Absorbent pads and rolls**

In polypropylene, they ensure fast, reliable and convenient spill absorption and removal  
 Highly resistant, to quickly soak up liquids  
 The multiple layer structure gives the product added strength, excellent absorbency and fluid retention  
 Flame resistant, over 99% incinerable  
 Free from hazardous or dangerous substances  
 Universal pads and rolls absorb and retain fuels, cooling fluids, solvents and water

**Suitable for oils**

They quickly absorb hydrocarbons leaks and spills  
 Water-repellent, also suitable for outdoor work areas and efficient even in rainy weather  
**Suitable for absorbing oils and hydrocarbons on water, gasoline, diesel, benzene, toluene, methanol, mineral oils and neat oil free from water, they will float even if saturated**

**Pads - Dimensions 48x38 cm**

For daily maintenance work on small surfaces  
 Absorption volume 126 l/pack

**In 100 pad pack** - Approx. weight 5,9 kg

Code N 9918 0000	<b>N 9918/0</b>	Each €	 1
------------------	-----------------	--------	---

**Roll - Dimensions 45,7 m x h 40 cm**

To soak up spills on large surfaces  
 Ideal for high traffic areas, they can be used to make the floor clean and safe and help absorbing machinery leaks, so as to reduce the risk of falls and injuries - Efficient even in rainy weather  
 40 cm tear-off sheets on the roll, to reduce waste  
 Absorption volume 240 l/pack

**Each sheet measures 40x38 cm**

Can be used with wiper roll stand N 9917/1

**In 2-roll pack** - Approx. weight 11,6 kg

Code N 9918 1000	<b>N 9918/1</b>	Per pack €	 1
------------------	-----------------	------------	---

**Type for universal use**

For daily maintenance work on small surfaces  
 Suitable for absorbing leaks, spills and dripping from machines  
 Suitable **for hydrocarbons and derivatives, cutting oils, coolants, hydraulic fluids, mineral oils, solvents and water**

**Pads - Dimensions 48x38 cm**

Absorption volume 108 l/pack

**In 100 pad pack** - Approx. weight 6,5 kg

Code N 9918 2000	<b>N 9918/2</b>	Per pack €	 1
------------------	-----------------	------------	---

**Roll - Dimensions 40 m x h 80 cm**

To soak up spills on large surfaces  
 Ideal for high traffic areas, it can be used to make the floor clean and safe and help absorbing machinery leaks, so as to reduce the risk of falls and injuries  
 50 cm tear-off sheets on the roll, to reduce waste  
 Absorption volume 180 l  
 Approx. weight 9,6 kg

Code N 9918 3000	<b>N 9918/3</b>	Each €	 1
------------------	-----------------	--------	---

**Roll for everyday cleaning - Dimensions 152 m x h 31 cm**

Strong and resistant, it can be used instead of cloths and paper for cleaning hands  
 Suitable for removing oils and hydrocarbons from machines, tools and workpieces  
 Tear-off by hands, without dust  
 462 crosswise tear-offs (every 33 cm)  
 Absorption volume 44 l  
 Approx. weight 4,3 kg - In 2-roll pack

Code N 9918 4000	<b>N 9918/4</b>	Per pack €	 1
------------------	-----------------	------------	---
