

## **KNIPPEX** Self-locking hose clamp pliers

In special steel, forged and oil-hardened

Suitable for simple and safe closing of clamps with 1 and 2 tabs (Oetiker or similar system), used on hoses of small diameters, such as compressed air systems, engine cooling systems, air conditioners, and fuel lines.

They do not damage the point in which pressure is applied to the clamp

Slim head, ideal for tight spaces

Total length 220 mm

**C 3263/37 - With side jaw**

Code C 3263 3600	<b>C 3263/36</b>	Each €		1
Code C 3263 3700	<b>C 3263/37</b>	Each €		1

C 3263/36

C 3263/37 - With side jaw

C 0

## **HAZET** Flexible line clamp pliers

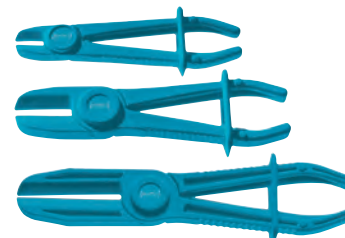

Plastic, with holding ring

Particularly suitable for blocking flexible tubing without metal cage, (such as heating tubes, gasoline tubes, cooling tubes, etc.)

**Set of 3 clamps**

For tubes up to Ø 15 - 30 - 60 mm

Code C 3263 1400	<b>C 3263/14</b>	Each €		1
------------------	------------------	--------	---	---

## **HAZET** Protective cover

Impermeable, resistant to oil and grease

Rear coated with non-slip material to protect the

bodywork from scratches and accidental damage

Adheres to all surfaces (aluminium, steel, glass fiber) also in the vertical position

**Nylon front** easy to clean

Washable at 40°C

Satisfies the flammability safety requirements of British Standards and USA Fed 302

**Dimensions 890x500 mm**

Code C 3264 0000	<b>C 3264</b>	Each €		1

## **ABC TOOLS** Jump starter and power bank

Powerful jump starter for starting cars and motorcycles with dead batteries, and also

an emergency battery for charging smart phones, tablets, notebooks, MP3 players, etc.

With Lithium-ion battery (LiFePo4), 12000 mAh

**Starting current 200 A - Peak current 400 A**

Tool features:

- Socket for connecting cables with terminal for starting cars and motorcycles.

- USB port (5V - 2A) for charging smart phones, tablets, notebooks, etc.

- 2 Output sockets: One 19 V - 3.5 A and one 12 V 10 A.

- One 12 v - 1 A Input socket for recharging the tool.

- On light

- 5 LEDs that indicate battery charge level

- 1 LED light for the torch/emergency lamp function, by pressing the on button the LED can be activated in 3 different modes: fixed, strobe and SOS light.

Provided in a practical carrying case with 100-240 V AC adapter, wire with terminals, adapter

for charging from a 12 V cigarette lighter socket, USB cable with sockets for various electronic devices, adapters for charging portable notebooks

Tool dimensions 160x75x28 mm - Weight 380 g

Code C 3265 1000	<b>C 3265/1</b>	Each €		1
------------------	-----------------	--------	---	---

## Vehicle circuit tester

**ABC TOOLS** - Vehicle circuit tester for voltage 6-24V

Brass body with needle for piercing cable insulation

Complete with lamp, cable and clamp - Threaded protective cap

Code A 1506 3000	<b>A 1506/3</b>	Each €		10
------------------	-----------------	--------	---	----
