

Laser distance meter

High precision instruments, suitable for quick contactless detection of lengths, heights, areas, volumes etc.

User-friendly, using a keyboard with clearly visible and intuitive pictograms of the function

Laser beam Class 2 with frequency 635 nm - IEC 60825-1

Strong ABS body with rubber profil - With indoor tracking function and timer

Bluetooth Smart 4.0 allows the transfer of measurements directly to the Smartphone or tablet using the Leica Disto Sketch App compatible with Android 4.3 or higher and iPhone 4s or higher

Wide **multifunction terminal** fitting for diagonal measuring from edges to angles

Wide multi-line LCD display, backlit - Automatic switch-off - Supplied with case and batteries
