

BROCKHAUS | HEUER Bench vices

Entirely in forged steel with sliding front jaw

Tempered steel manoeuvring screw, highly protected against dust, dirt infiltrations.

The vice slender body allows for the lateral clamping of vertical workpieces

The **pipe jaws** are obtained from the body

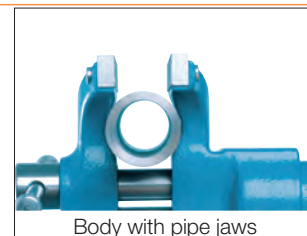

Model «HEUER FRONT»

Jaws and body in a single piece - Double ground and prismatic rail with adjustment screws

L 3372/0 - With interchangeable jaws with screw (with one knurled and one smooth face)

L 3372/1 - With fixed jaws

Jaw width	mm	100	120	140	160	180

Body with pipe jaws

L 3372/1

Model «HEUER Compact» - Quick opening

With «Quicklaunch» system which allows the jaws span width to be adjusted from 0 to 130 mm without using the operating lever

Body with scale in centimetres for the pre-adjustment of the span width, which once it is obtained can be heard and seen

Lean and light body with **clamping force 10 kN**

With interchangeable jaws with screw (with one knurled surface and one smooth surface)

Jaws length 120 mm - Max span width 130 mm

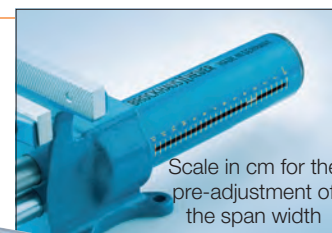

With **jaws for pipes Ø 5/8" - 2"**

Total height 156 mm - Depth 65 mm - Weight 4,5 kg

Code L 3377 0120	L 3377	Each €	1

L 3373

L 3374

Vice-holding device - In steel

Suitable for vices L 3372/1 of 100 mm and L 3377 - Clamp opening 65 mm

Code L 3376 1000	L 3376/1	Each €	1
------------------	-----------------	--------	---

Orientable supports for vices L 3372/0 - L 3372/1

For workbenches with wooden surface (see group N 3)

Stable and safe vice fixing, anti-vibrations

Forged base plate - Milled supporting and contact plate

2-functions type

① Rotating base - ② Vice raises and lowers

With **pneumatic pressure shock absorber** to balance the weight

360° rotating vice - Height-adjustable max. 200 mm - Weight 9 kg

For vices	mm	120	140	160
Code		L 3376 2120	L 3376 2140	L 3376 2160
L 3376/2	Each €			
Allowable load	kg	4÷10	10÷16	16÷29

3-functions type

① Rotating base - ② Vice raises and lowers - ③ Tipping under work surface

With 2 telescopic shock absorbers for tipping the support and **pressure pneumatic shock absorber** to balance the weight

360° rotating vice - Height-adjustable max. 180 mm - Weight 14 kg

For vices	mm	120	140
Code		L 3376 3120	L 3376 3140
L 3376/3	Each €		
Allowable load	kg	4÷10	10÷16

Warning: for safety reasons it is recommended to tip the vice once it is fixed
