

Self-adhesive impact protection edge profiles

In highly malleable polyurethane foam, designed to absorb impact shocks and prevent injuries and accidents on the workplace

They come in **yellow/black for high visibility** to provide visual warning to dangerous spots such as corners and edges

Self-adhesive strips can be fixed to poles, pipes, flat surfaces, shelving, both indoors and outdoors, as well as on machines, forklifts, trolleys, etc.

Flexible, wear and temperature resistant from -40°C to +100°C

Satisfies the flammability requirements of DIN 4102B2 and UL 94HB/10 mm standards

Supplied as: **N 8995 - 1 m section**

N 8996 - 5 m rolls

Round type 3/4 - For corners

Diameter	mm	40	60
Code		N 8995 1040	N 8995 1060
N 8995/1 - 1 m section	Each €		
Code		N 8996 1040	—
N 8996/1 - 5 m roll	Each €		
Shape «A»	mm	25	35
Model		TYP A	TYP A+

90° type - For corners

Width	mm	26	47
Code		N 8995 2026	N 8995 2047
N 8995/2 - 1 m section	Each €		
Code		N 8996 2026	N 8996 2047
N 8996/2 - 5 m roll	Each €		
Thickness	mm	7	11
Shape «A»	mm	20	35
Model		TYP E	TYP H

Curved type - For pipes

For pipes Ø	mm	30÷50	50÷70
Code		N 8995 3030	N 8995 3050
N 8995/3 - 1 m section	Each €		
Thickness	mm	10	11
Model		TYP R30	TYP R50

Round type - To protect corners - TYP B model
Diameter 40 mm - Slot dimensions LxD 8x19 mm

Code N 8995 4000	N 8995/4	1 m section	Each €
Code N 8996 4000	N 8996/4	5 m roll	Each €

Half-round type - To protect surfaces - TYP C model
Section dimensions 40x30 mm

Code N 8995 5000	N 8995/5	1 m section	Each €
Code N 8996 5000	N 8996/5	5 m roll	Each €

Flat rectangular type - To protect surfaces

Width	mm	40	50	75
Code		N 8995 6040	N 8995 6050	N 8995 6075
N 8995/6 - 1 m section	Each €			
Code		N 8996 6040	N 8996 6050	—
N 8996/6 - 5 m roll	Each €			
Height	mm	11	20	20
Model		TYP F	TYP D	TYP S
