

SCANGRIP Professional rechargeable flashlights

Suitable for inspection and maintenance work
High-quality aluminium body sturdy and shockproof, with ergonomic handle
 With **focus function to vary the beam angle from 10° to 70°**
 Extremely bright light output

RECHARGEABLE BATTERY

FLASH 12V

Mini flashlight with extremely bright LED, compact which is charged through the automobile 12V socket

With **focus function to vary the beam angle from 10° to 70°**
 Luminous flux 130 lumen - 900÷8000 lux at 0,5 m
 Luminous flux max length 100 m
 3,7V (550 mAh) rechargeable Lithium-ion (Li-ion) battery - Approx. operating time 1h
 Approx. charging time 2h
 Dimensions Ø 30x105 mm - Weight 106 g

IP 30

Code N 9103 0000	N 9103	Each €	1
------------------	---------------	--------	---

FLASH PEN R

Pen flashlight with CREE XP-2G

Luminous flux 100 lumen - 500÷800 lux at 0,5 m
 Luminous flux max length 90 m
 3,7V (1100 mAh) rechargeable Lithium-ion (Li-ion) battery - Approx. operating time 2h
 Approx. charging time 4h
 Supplied with 100-240V AC adapter, **USB charging cable**

IP 30

Code N 9103 1000	N 9103/1	Each €	1
------------------	-----------------	--------	---

FLASH 200 R

Flashlight with CREE XP-2G

Luminous flux 200 lumen - 1000÷15000 lux at 0,5 m
 Luminous flux max length 200 m
 3,7V (2600 mAh) rechargeable Lithium-ion (Li-ion) battery - Approx. operating time 2h
 Approx. charging time 6h
 Supplied with 100-240V AC adapter, **USB charging cable**, nylon case and wrist strap

IP 30

Code N 9103 2000	N 9103/2	Each €	1
------------------	-----------------	--------	---

FLASH 400 R

Flashlight with CREE CREE XM-L2

Luminous flux 400 lumen - 1500÷25000 lux at 0,5 m
 Luminous flux max length 280 m
 3,7V (2600 mAh) rechargeable Lithium-ion (Li-ion) battery - Approx. operating time 2h
 Approx. charging time 6h
 Supplied with 100-240V AC adapter, **USB charging cable**, nylon case and wrist strap

IP 30

Code N 9103 3000	N 9103/3	Each €	1
------------------	-----------------	--------	---

Universal battery charger

Suitable for all **Scangrip products with rechargeable battery**
 USB cable, 1,8 m long
 Clip for fixing the cable
 Input voltage 100-240V AC 50/60Hz
 Energy supplied 5V DC 1000 mA

Code N 9097 7799	N 9097/7799	Each €	1
------------------	--------------------	--------	---

Adapter for cars 12-24V with USB plug

Suitable for all Scangrip products with USB cable

Code N 9097 7990	N 9097/799	Each €	1
------------------	-------------------	--------	---

Charger with USB socket

Suitable for charging all Scangrip lamps with USB cable (cable not included)
 Input voltage 100-240V AC 50/60 Hz
 Energy supplied 5V DC 1000 mA

Code N 9097 8500	N 9097/85	Each €	1
------------------	------------------	--------	---
